FENCING

Liven up your landscape by adding fencing for privacy, structure and style.

The simplest and quickest solution to defining borders, fencing can also be used to create outdoor rooms and conceal unsightly areas and objects such as oil tanks and compost bins. There's a wide range available to suit every budget and every style, from cottage garden to ultra modern.

Pressure Treated Decorative Europa Prague

COMPOSITE FENCING

Frame your outdoors with fences that withstand the forces of nature.

Composite fencing offers a modern, versatile aesthetic, with timber grain finishes that never need painting or treating helping you embrace the joy of your great outdoors.

Available in a range of colours, it can be quickly and easily installed both horizontally and vertically, is mould and rot resistant, and offers year after year of maintenance free service.

GATES

We offer a superb selection of hand-crafted wooden gates to suit every application.

They are all solidly built, joinery constructed and will add character to any home and garden.

Pedestrian Gates

The pedestrian range encompasses everything from tall wooden side gates to enhance security, to cottage gates for that aesthetic touch.

Courtyard Gates

We have a high quality range of made to measure wooden courtyard and driveway gates available to order.

Carefully designed to give the highest quality specification, these close boarded gates are distinguished, impressive and not only enhance the entrance to a property but also offer privacy and security.

5 Bar gates

We also have traditional 5 bar gates available to order.

Suitable for driveway, garden and field entrances, these hand crafted gates are built for strength and longevity.

MILLBOARD COMPOSITE DECKING

OUR MOST POPULAR DECK!

Millboard decking offers all the beauty of wood without its drawbacks. Wood free, non-porous, non-slip and UV stable, its composite material won't warp or rot, resists algae and needs virtually no maintenance, making it a truly trouble-free alternative.

SHOP ONLINE

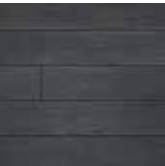

Enhanced Grain Collection

Moulded from smooth timber for a textured look and feel - recreating the subtle nuances that only natural wood can give - the collection comes in ten beautiful shades and because the finer details matter, we also stock Millboard bullnose edging to create a seamless look.

SANDSTONE PAVING

The durability of Talasey sandstone makes it the ideal solution for block paving, and unlike concrete, it will only age better with time. Plus Talasey's sandstone block paving products are tested to guarantee their resistance to frost, slip and water absorption, so you're assured long-term durability against the weather.

DRYSTACK WALLING

Give your garden wall a makeover or create a new feature wall with Marshall's Stoneface Drystack Veneer Walling.

Natural stone 'z-shape' veneer cladding panels cleverly slot together to disguise joints and are designed for no-fuss easy installation.

With three striking slate colours and three natural stone colours to choose from, and all at an affordable price, Marshall's Drystack is an ideal choice for high quality walling without compromising on price.

PERMEABLE PAVING

Whether your next project is a single driveway or an entire carpark, aesthetics is an important factor. But so too is managing flood risk and meeting legislative and sustainability requirements.

The range of concrete permeable paving products - designed and manufactured in the UK - can be used alone or with Aquaflow SuDS, the patented, award-winning sustainable urban drainage system.
